

Harnessing Data

A 10-Day Email Course to Improve Your Construction Business with the Aedo Methodology.

This exclusive 10-day email course, available only to Aedo clients, aims to equip you with the tools to harness data for profit in your construction business using the Aedo Methodology. Lessons will be delivered daily via email, with two interactive Q&A sessions in the second week.

Course Agenda:

1	Construction technology adoption challenges.
2	Mindset for success and the power of clarity.
3	Seeing problems as opportunities.
4	The formula for extracting value from data.
5	Mapping a trail to your business outcome.
6	Your “harnessing data” team.
7	Journey of growth and continuous improvement.
8	Maybe some other gems along the way!

Feel free to share the Harnessing Data course invitation with your colleagues.

They can sign up [here](#) to receive the daily emails on the Harnessing Data Course information page.
